

The Luxury CONGRESS CENTER OF ELI

In the community of Eli, home to over 5,000 residents and hosting a wide range of important events throughout the year, we take pride in being part of a community of entrepreneurs, businesspeople, and soldiers, with two successful high-tech companies "EPR"US -IL . With our vision and the opportunities our community offers, we are embarking on the creation of a multi-purpose center

ELI Land
Through
People

that will include a luxurious conference hall, a business hub, and an impressive garden for grand events.

Our community, which is proud of its rich history and remarkable heritage of sacrifice, regularly hosts key figures – including Prime Ministers, Presidents, Ministers, Members of Knesset, senior military officials, and more.

The new center will be the perfect place for meetings, ceremonies, lectures, and high-level events. It will not only serve as a venue for business conferences but also as a place that expresses the history, culture, and heritage of the area, serving as a hub for public and business activities for national leaders and the broader public.

Our center will be one of the few in Judea and Samaria offering these services and will be dedicated to creating a luxurious and special complex, with an innovative and inviting design, and uncompromising quality. This will be the place where ceremonies, business events, private celebrations, and more can be held, with top-notch service. When important events, such as ceremonies with heads

of state, are held at our center, we want it to be the first choice due to its magnificent design, unmatched quality, and the exceptional experiences it offers.

In addition, the center will feature breathtaking views of the Judean and Binyamin mountains, making every event an unforgettable experience. The stunning landscape will give every guest a sense of connection to the heritage and unique Israeli scenery.

This ambitious project aims to create a place that will become a magnet for all those who want to innovate, create, and celebrate – while upholding values of excellence, luxury, quality, and showcasing the best and most advanced face of the Judea and Samaria region.

TOGETHER, WE WILL CREATE A PLACE THAT WILL NOT ONLY SERVE AS AN EVENT CENTER BUT ALSO AS A SYMBOL OF EXCELLENCE, DEVELOPMENT, AND INNOVATION
