

A VISION FOR EXCELLENCE  
**BUILDING**

# A PREMIER BASKETBALL ARENA IN ELI

**I**n the heart of Northern Binyamin, nestled along the bustling Route 60, lies Eli, a thriving and vibrant community home to over 5,000 residents. Eli is not just another settlement; it is a symbol of resilience, unity, and dedication to Eretz Israel. Among its many achievements, Eli hosts the renowned "Bnei David" pre-military academy, the largest and most influential of its kind, producing some of Israel's finest military leaders.

But despite our achievements, we face a glaring challenge: There is no big enough basketball court anywhere in Judea and Samaria. While cities like Tel Aviv, Ra'anana, and Jerusalem enjoy modern sports facilities, over half a million residents across our region are left without a central venue for sports, particularly basketball. This region, home to tens of thousands of people, has no facility that matches the standard we believe is necessary for our youth to thrive in sports and beyond. We believe it's time to change that.

***Our vision is ambitious but essential: to build a premier sports hall in Eli that will serve not just our community but all of Judea and Samaria. The planned facility will feature:***

**STATE-OF-THE-ART BASKETBALL HALL:**

Equipped with high-quality flooring, professional-level hoops, and a seating area with over 300 seats designed to host games from leagues across Israel.

**A FITNESS CENTER:**

Promoting health and wellness for all ages with the latest equipment.

**MEMORIAL HALL:**

A dedicated space to honor the over 50 heroes from our community and academy who gave their lives defending our country.

With more than 2,000 children and teenagers in Eli alone, the need for such a facility is undeniable. These young athletes currently lack a proper space to practice and compete. Our sports hall will provide them with the

tools to grow, thrive, and dream big. Beyond sports, this arena will be a place where values are nurtured, and our legacy is celebrated.

**WHY ELI? WHY NOW?**

Eli is strategically located on Route 60, a central artery connecting communities throughout Judea and Samaria. Thousands pass by our settlement daily, making Eli the perfect hub for a regional sports and cultural center. Our community embodies a spirit of excellence and self-reliance. With a population where 90% serve in the IDF, Eli is a community that gives its all for Israel's safety and future.

**WE ALSO TAKE PRIDE IN OUR UNIQUE MOTTO:**

"Eli pronounce in hebrew "עלי" means "on me". This reflects our belief that the responsibility for our homeland, its development, and its protection lies with each and every one of us. Just as we defend Jerusalem and Tel Aviv, we

are now taking on the mission to build a sports hall that will elevate our region and inspire future generations.

**A CALL TO ACTION**

This project is not just about sports; it's about creating opportunities, building community, and preserving a legacy. With your partnership, we can make this dream a reality.

**TOGETHER, WE CAN BUILD SOMETHING EXTRAORDINARY:  
A BASKETBALL ARENA THAT REFLECTS THE SPIRIT & DETERMINATION OF THE ELI COMMUNITY.**  
**Life is good**  
**Let's make it happen.**
